

Nicolai Friedrich

SHORT VITA

Nicolai Friedrich was born in 1976 in Offenbach am Main.

He was fascinated by magic since he was a little child. Already in 1997 he was elected magician of the year by the magic circle of Germany.

In 1998 he won the prestigious Siegfried & Roy "Sarmoti Award" in Las Vegas and was invited to perform at the world famous »Magic Castle« in Hollywood.

In 2009 he was awarded best performer in the category "Mental Magic" at the "FISM World Championship of Magic in Beijing".

Nicolai Friedrich is a certificated lawyer with additional master degree and works for a noted law firm in Frankfurt am Main.

No doubt Nicolai Friedrich belongs to the most creative heads in modern magic. So it is no wonder that Magic superstar David Copperfield bought the exclusive US-TV-rights for Nicolai Friedrich's effect "Mona Lisa's smile".
